SERB Sponsored Student Internship Programme 2023

The Department of Physics at National Institute of Technology Karnataka, Surathkal invites applications from motivated students to do an internship in Cosmology for a period of two months from 03 May to 02 July 2023. The selected student will work with Dr. V. Sreenath on the topic of anomalies in the cosmic microwave background.

Who can apply?

Second or fourth semester M. Sc. students, sixth or higher semester students in four year BS or five year BS-MS programme or equivalent in Physics may apply. Preference will be given to students who have knowledge of computer programming.

How to apply?

Interested candidates should send their CV to “sreenath@nitk.edu.in” along with a one page write up explaining your research interests and why you should be considered for this internship. The subject of your email should be “SERB Internship : Candidate Name”. You should also arrange for a recommendation letter to be sent directly to this email. The recommendation email should have the subject as “Recommendation SERB Internship: Candidate Name”. The deadline for application is 14 April 2023.

A decision on your application can be expected around 20 April 2023. The selected student should join for the internship on 03 May 2023. They will be given financial assistance of Rs. 5000/- per month.
